CROCH'ITY

ACCESSORY

AN EASIER SET UP

PLAY WITH GRAVITY

www.ftc-tree.com

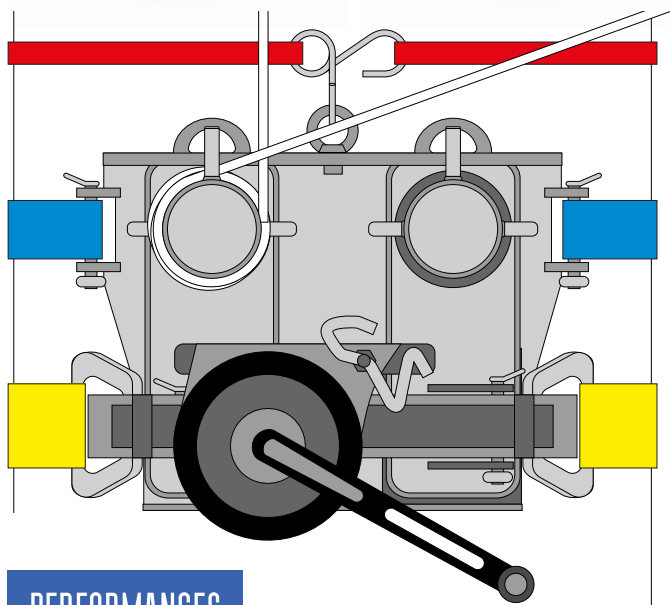

THE CROCH'TY IS A GREAT ACCESSORY FOR SETTING UP LOWERING DEVICES.

TECHNICAL DATA

- 100 % polyester strap (9 m - 29.5 ft).
- 304 stainless steel hook.
- Galvanised steel cam-lever buckle
- Weight: 550 g (1.1 lb).
- Maximum load for hook: 60 kg (132.3 lb).

PERFORMANCES

The CROCH'TY is fixed on the tree and allows an easy set up of friction devices, without having to hold their weight while manipulating them.

It is an essential accessory, it offers a great comfort and helps save time and energy when setting up and taking them off. The user can keep both hands free during those steps. Once the device has been set up, the hook can be used to hang the rolled up strap.
